Note: This listing is not meant as an endorsement of a company or method of treatment.

The MPRB does not endorse or discourage the treatment of elm, oak &/or ash trees with pesticides for the purpose of controlling Dutch Elm Disease, Oak Wilt &/or Emerald Ash Borer respectively. The companies named on this list are those that received a permit for treating public trees this year. There are other companies licensed by the City of Minneapolis that also provide this service on private property.

These companies may be found on the following website:
