Cedar-Isles CAC Water Quality Subcommittee Meeting #2

Land Acknowledgement

We collectively acknowledge that the Minneapolis Park and Recreation Board system is located on the traditional, ancestral, and contemporary lands of Indigenous people. This land holds great historical, spiritual, and personal significance for its original stewards, the Native nations and peoples of this region.

We also acknowledge that restrictive covenants were used to deny Black, Indigenous, Asian and in some cases Jewish individuals access to property in surrounding neighborhoods. This had an impact on who was and was not officially welcome in this area.

Meeting Purpose

- Understand what the science is telling us
- Create a shared vocabulary around water quality
- Have a common understanding about what a clean lake should look like
- Understand current water quality metrics of each lake

A scenic view of a river at sunset. The sun is low on the horizon, creating a bright, shimmering reflection on the water's surface. In the foreground, numerous lily pads float on the water. The background features a dense line of trees and a bridge structure. The overall atmosphere is calm and serene.
