Justification (100 words recommended): Please explain how your project meets the criteria in the Engagement Grid on pg. 2. Provide a justification for each criterion corresponding to the Level of Engagement that will guide your project.

To simply “inform” would be too little of an effort and results may not be inline with the community needs. To “involve” would require the need of a Community Advisory Committee and feels too much, as this park’s vision plan has already been park board and community approved.

For projects, programs, or initiatives that fall under the Inform category of engagement: what are your planned methods for informing the public? (i.e. posting on a project website, GovDelivery email blast, flyer onsite, multi-lingual and/or graphic information) *You do not need to answer this question if you are completing a CE Plan.*
