

Music In the Parks

Lake Harriet Bandshell

4135 W Harriet Pkwy

Mon, Weds Fri, 1st & 3rd Saturdays at 7:00pm

Sundays 2:00pm & 5:30pm

Load in information: Load in may begin **two hours** before show time, at which time a tech will arrive. Please plan accordingly, so sound checks are done in a timely manner and performances start on time.

- System specs:
 - Allen & Heath SQ6 Mixer- 48ch 4 monitor mixes
 - EVH Series and QRX Subs
 - 4 EV EKX 12 stage monitors available
 - FX; Delay, Reverb, Compression, in board FX
 - Mics, DI boxes (6), Cabling, Mic stands, Chairs provided (80)
 - There are no choir risers available.

- Weather Considerations:
 - Rain in excess will bring upon a cancellation. We work with Weather Underground and MSP airport. To keep equipment safe as well as the public a decision will be made based upon the weather in the area.
 - Lightning will cause a stop in programming if seen. If there is lightning in the area, we must shut down for 30 mins. If the lightning continues it will cause a cancellation.
 - Heat access of 105f can be dangerous for band staff and public. The MPRB considers the Music in the Parks series and adult family program, therefore can continue in certain circumstances of heat. Supervisors will make final decisions on heat-related cancellations. Performers can also cancel for heat and weather-related reasons if performers feel uncomfortable.
 - Air quality can be hazardous to adults, and children who have breathing conditions. MPRB supervisor staff will meet to make decisions based upon our usage of the Air Now weather app and based upon guidelines in the MPRB policies.
 - **Copies of the weather policies will be given to sound techs.**

- There are no reschedules of shows
- Parking passes will be valid in both Lake Harriet Bandshell Parkinglots. They do not allow you to park illegally, so if there are no spaces available, there is free parking along the parkway and in the neighborhood.
- To unload equipment at stage please enter pathway from the West parking lot (near Bread & Pickle). Hazards must be used, drive slowly as there will be pedestrians.
- Bathrooms are in the bread and pickle and the green building to the north of the bandshell stage. Water refill station is inside the Bread & Pickle.
