

Charter of the Southwest LRT Station Art Committee

DRAFT

OVERVIEW

The METRO Green Line Extension (Southwest LRT) Station Art Committee is established to provide guidance to the public artist(s). The work of these artist(s) will be incorporated into designs for the larger Southwest LRT project developed by the advance design consultant. Appointments to the committee will serve for the duration of the station art process.

PURPOSE

The purpose of the Station Art Committee is to serve as a voice for the community and provide focused input to the Metropolitan Council and the public artist(s) on their designs for artwork at the stations within their community.

Integrated Public Art at the seventeen Southwest LRT stations will enhance the unique identity of stations, aid in passenger wayfinding, promote transit use and community pride. In the City of Hopkins, public art will also be integrated with the Operations and Maintenance Facility to further enhance the Shady Oak Station area.

RESPONSIBILITIES/ROLES

The Station Art Committee will:

1. Provide guidance to the Artist(s) in developing ideas to reflect community values.
2. Comment on art concepts and placement.
3. Advise on communications and outreach strategies related to art
4. Serve as a liaison to appointing organization.

Each member of a Southwest LRT Station Art Committee agrees to:

1. Attend a majority of meetings and actively participate in discussions by sharing ideas and expertise.
2. Be a voice to advance the broader interests of the community.
3. Listen to and respect the viewpoints of others.

Each Station Art Committee will nominate a chair to help lead the committee through their tasks and identify topic/issues.
