Pick Fruit and Nuts in the Parks!

Picking fruit and nut trees is now allowed in the parks*!

Except those that live in the exclusion areas on the map to the left, you may now pick from the following trees found in Minneapolis parks:

- Apple
- Apricot
- Cherry
- Crabapple
- Ginkgo
- Filbert
- Hickory
- Peach
- Mulberry
- Plum
- Pear
- Serviceberry
- Pine Nut
- Walnut

*This change has been made possible by an amendment to Ordinance PB2-2, which allows for picking from fruit and nut trees in parks except in specified exclusion areas.
