# **BOHEMIAN FLATS PARK CONCEPT - FRAMEWORK PLAN BOHEMIAN FLATS EAST RIVER FLATS PARK** PHASE ONE PARK BOUNDARY PEDESTRIAN / BIKE / BUS NETWORK **Minneapolis**

**Park & Recreation Board** 

# **BOHEMIAN FLATS PARK**

### **MGRP INTERPRETIVE THEME:**

The Mississippi River flows through Mississippi Gorge Regional Park like people have flowed through this landscape for thousands of years. The Gorge story is written on the limestone bluffs and heard in the songs and calls of wildlife and people. Here, people connect with nature, themselves, and each other.

# MGRP SUBTHEMES BY TOPIC

- . (Spiritual Connection)
  The flowing Mississippi River connects us to the waters of the world and to our innermost selves, reminding us to breathe deeply, reflect, and go with the flow.
- (Geology & River Ecology)
   This riverine landscape has been forming and changing for thousands of years. Today, climate change and people are the drivers most affecting this ancient landscape.
- 3. (Flora/Fauna)
  - The Gorge is home to plants and animals that thrive in this dynamic landscape—some stay year-round, while others pass
  - (Recreation) Whether active or passive, alone or in groups, park visitors explore every inch of the park and take in its views in all seasons and all
- People have been drawn to and through the Gorge for thousands of years—for sustenance and celebration, for work, education, and play.

### **INTERPRETIVE MEDIA**

- A. Welcome Center
  - Subtheme 1 Space for active and meditative activities
- B. Festival Space Subtheme 5 - Celebrate the people who live, work, and learn here now and in the past
- C. Interpretive Play Area Subtheme 5 - River industries inform the play area design
- D. Interpretive Signage Subtheme 5: The immigrant communities who lived on Bohemian Flats; option to include audio in English and other languages
- E. Interpretive Signage Subtheme 1: People/Nature connections, such as the calming effect of flowing water

### ADDITIONAL OPPORTUNITIES:

- Interpretation in multiple languages
- Audio interpretation
- Plant and/or animal identification along trails
