Please See Attached Chart for per day meter hooding rates : _____

Please be aware the several meter rates have changed from previous years to reflect the current per space rate in each area of metered parking. The **Rate Per Individual Space Number** is calculated by taking the 2017 hourly rate * hours of operation. Meter Hooding is charged per space, per day, with no prorated charging for partial day use. Please note that if a numbered space on a triangle post (numbered 9xxxx) is requested for hooding and there is a second space number on the post, the charge will be for both spaces as we cannot hood 1/2 of a post. The MPRB operates all metered on-street spaces 6am-12am, 7 days per week, 365 days per year, unless indicated otherwise.
