Questions to help decide:

How should we proceed with CAC 3 + 4?

1

What is the importance of **visiting parks together?**

Only major parks may be seen in a ½ day bus tour. Do CAC members want to dedicated CAC meeting time to visit parks together or can this happen on individuals time?

2

What is the importance of data presentation and **discussion as a group?**

Can this be an out-of-meeting resource? Will this be a productive use of CAC meeting time?

3

Choose your own adventure

How should we proceed with CAC 3 + 4? See some options listed below

A

1 long tour/meeting:

$\frac{3}{4}$ day bus tour + exercise

*data emailed (review on own)

*subcommittees have separate meetings

1 split meeting:

$\frac{1}{2}$ CAC – exercise
only *data emailed

$\frac{1}{2}$ subcommittees

1 tour:

$\frac{3}{4}$ day bus tour

C

B

1 CAC meeting:

data presentation + exercise

1 tour: $\frac{3}{4}$ day bus tour

*subcommittees have separate meetings

1 CAC meeting:

data presentation + exercise

1 meeting for subcommittees

*No tour – CAC members visit on own time
