Page 2: Playground Equipment - Pick Your Favorite

Q1 What combination of playground equipment do you prefer? (Pick 1)

Concept A (Large Tower with Multiple Slides)

Q2 Why do you prefer this option?

Kids love slides, with 2 slides you aren't going to have as much waiting and reduced potential for kids sliding into each other because they get impatient. I like the climbing tower also and the open little play house. A covered, therefore restricted space for the play house, could be problematic.

Q3 Would you change anything about your preferred option?

Incorporate monkey bars if possible.

Page 3: Playground Equipment Color Schemes - Pick 1 Favorite

Q4 Which playground equipment color scheme do you prefer? (Pick 1)

Concept 2 (Neon Green, Gray, Teal Slides)

Q5 Why do you prefer this option?

Green-ish fits with the park. Like the combo of green/blue

Q6 Would you change anything about your preferred option?

No

**Q7** Do you have any other comments about the Folwell Park Phase 1 Improvements project?

WADING POOL - I know this isn't an improvement, rather a repair slated for spring 2019, but people are waiting for news on whether MPRB are going to be able to fix this in time for the 2019 season. I would strongly urge MPRB to keep the community updated. Good news or bad. Transparency, which was entirely lacking last year when the pool was suddenly closed, is critical. We are all keeping out fingers crossed that the repairs can be carried out. Folwell deserves this pool.

DAN ELIAS - I want to take this opportunity to compliment Dan on his attention to our project. He has been very pro-active in staying in contact with me, reaching out for feedback on how best to communicate Phase 1, has done a bang up job getting out there in front of the community so folks can give feedback, and is super personable. Great for those face-to-face moments with the public. I am feeling so optimistic about the future of Folwell Park. And this is in large part to Dan's expertise and diligence. Thank you Dan! There is no slide which worried them a little. They said “this would be perfect if it had a slide somewhere”

What I would have enjoyed playing on add a kid. Some of the others look potentially dangerous. I can see kids jumping down, getting their appendages stuck in between bars and being more likely to sprain and more likely fracture an arm.

The little kid option looked more fun and there were slides on the bigger equipment.
