This plan serves as a guide for the community engagement process for the Dickman Improvements Project. The plan may be modified as circumstance warrants during project duration. Substantial modifications are to be communicated to stakeholders and the MPRB Board of Commissioners. As required by the Minneapolis Park and Recreation Board Community Engagement Policy, this project requires a Community Engagement Plan because the project falls under the Consult category of community engagement for which MPRB is required to obtain stakeholder feedback on project, initiative, or program analysis, alternatives, or decisions. This CE Plan was used with a GARE Racial Equity Tool Kit framework.

For projects, programs, or initiatives that fall under the Inform category of engagement: what are your planned methods for informing the public? (i.e. posting on a project website, GovDelivery email blast, flyer onsite, multi-lingual and/or graphic information) *You do not need to answer this question if you are completing a CE Plan.*
