Community Engagement Assessment

Please fill out this form if your project, program, or initiative includes community engagement. All Community Engagement Assessments should be filed as Petitions and Communications with the MPRB Board of Commissioners and submitted to the MPRB Engagement Portal on SharePoint.

Staff Lead: Daniel Elias

Division/Department: Planning Division

Level of Engagement: Inform

Project, Program, or Initiative Name: Murphy Square Improvements

Project Description (100 words recommended):

Guided by the approved South Service Area Master Plan, improvements will be made to Murphy Square. The project was allocated $214,000 in the 2022 CIP. The master plan calls for trail improvements and removals, circulation and access enhancements and the possible inclusion of study nodes and public art. Due to the limited scope and budget of the project, staff are recommending Inform as the level of engagement.
Review the criteria to determine the level of engagement that your program, project, or initiative falls under. Provide an explanation of how your project meets the criteria in the Justification section below.

This engagement grid was adapted from the IAP2 International Federation 2014 Public Participation Spectrum.
Justification (100 words recommended): Please explain how your project meets the criteria in the Engagement Grid on pg. 2. Provide a justification for each criterion corresponding to the Level of Engagement that will guide your project.

Murphy Square is currently a park in the center of Augsburg University that generally service a campus green function. The park has a series of trails, benches and picnic tables. The master plan for the park opens up green space by removing some trails, adds trails for key circulation patterns and recommends some study nodes and public art. With the limited project budget, staff will work with Augsburg University to create path and access improvements that meet the needs of the community.

For projects, programs, or initiatives that fall under the Inform category of engagement: what are your planned methods for informing the public? (i.e. posting on a project website, GovDelivery email blast, flyer onsite, multi-lingual and/or graphic information) You do not need to answer this question if you are completing a CE Plan.

Engagement strategies for the Murphy Square Improvements project will include:

- Stakeholder meetings with Augsburg University staff, the Cedar-Riverside Partnership, the Cedar-Riverside Leadership Forum and the Cedar-Riverside Community Council
- GovDeliveries
- On-Site Signage
- Project Webpage
