Project, Program, or Initiative Name: Grand Rounds Missing Link

Project Description (100 words recommended):

To fill a 140-year trail gap in the Grand Rounds of Minneapolis as informed by an updated 2019 master plan document as approved by MPRB and the Metropolitan Council, drawing largely on community engagement, feedback, and analysis work through interagency coordination. The project will entail confirmation of a final route, land acquisition, and trail design and implementation. The execution of this plan will require extensive multi-jurisdictional coordination since most of the trail routes are along City and County Right-of-Way or property owned by other entities. This project serves a vital purpose filling a significant and long-standing gap through residential and industrial areas with an active workforce center.
